

The **Vigilante 400 CL52** is a sea proven offshore Patrol Vessel already delivered to several navies around the world. Her round bilge hull shape allows high stability even by strong winds and rough seas.

Missions

- > Sea policing and State action at sea
- > Fight against piracy, trafficking, smuggling and illegal immigration
- > Surveillance of exclusive economic and fishing zones
- > Monitoring of marine environment
- > Protection of vulnerable vessels and offshore installations
- > Safety at sea
- > Search And Rescue (SAR)

Performance and Competitive Features

- > A maximum speed of 21 knots
- > A minimum operating range of 5,000 nautical miles at 12 knot
- > Accessibility to engine room optimized for easy maintenance
- > Modular design giving options for multiple applications
- > Round bilge hull shape allows:
 - > Operating in strong wind and rough seas
 - > High autonomy due to reduced fuel consumption

Main Characteristics

- > Length Overall 52.50 m
- > Beam Overall 9.00 m
- > Maximum draught 2.80 m
- > Maximum speed 21Knots
- > Range at 12 knots 5000NM
- > Crew 20
- > Additional and passengers 20
- > Fuel 70 m³
- > Fresh water 8 m³
- > Hull Steel
- > Superstructures Aluminum
- > Classification BUREAU VERITAS

Typical Mission Systems

- > One C2 system
- > One 20 mm remote-controlled gun-turret
- > One electro-optical observation system
- > Two 12.7 mm side guns
- > One radio direction finder
- > One 25 kW X-band radar
- > GMDSS
- > Two 7.0 m outboard RHIB

Main Equipment & Auxiliaries

- > Two main generating sets
- > One emergency generating set
- > Two diesel engines
- > Two Fixed Pitch Propellers (FPP)
- > External firefighting water monitor
